Terms and conditions of participation and contractual declarations

Type and purpose of the event

Safety training on a circuit that is closed to public traffic during the event. This circuit is a comprehensively equipped race track that has been selected exclusively on the basis of safety considerations. The purpose of the event is not to achieve maximum speeds or the shortest driving times, but to optimize driving skills and technique. The aim of the event is to improve driving safety on the road through safe control of one's own vehicle.

Conditions of participation

All cars that meet the requirements of the announcement are eligible to participate. The vehicles must be in technically perfect and roadworthy condition. All owners of a driving license valid in Europe or holders of a driving license to drive the vehicle used are eligible to participate.

By signing this document, the participant confirms that he/she is the owner of the vehicle to be used. If a participant is not the owner of the vehicle used, the owner's consent is required. The participant is also civilly liable for ensuring that the waiver is legally valid. In the event of a missing, misleading, or false waiver from the vehicle owner, the participant shall indemnify the organizer against any claims by the vehicle owner, except in the case of damage resulting from injury to life, limb, or health based on an intentional or grossly negligent breach of duty.

Insurance

Participants are not insured against risks associated with the event. If necessary, this must be clarified by the participant with their insurance company (comprehensive vehicle insurance). If comprehensive insurance coverage for our sports driver training (safety training with training program) is not provided by the insurer, there are specialized insurers for this. If you are interested, please contact us.

We have also taken out liability insurance for all our participants as part of our organizer liability insurance! This covers up to \$5 million for personal injury in the event of a claim!

This also applies to property damage at the race track (except for damage to guard rails) and to us, the organizer (both property damage and personal injury). However, it does not apply to damage to other participants' vehicles! But of course, protection against personal injury has priority! (Track marshals, organization members, visitors, other participants and helpers, etc.)

Safety precautions

Seat belts must be worn during training drives. Protective helmets are mandatory for drivers and passengers. Windows and convertible/sliding roofs must be closed. The instructions of all persons responsible for organizing the event must be followed without exception. The organizer reserves the right to exclude participants in the event of gross disciplinary violations. In such cases, the participation fee will not be refunded. In addition to the participation fee, each participant is responsible for the costs of the vehicles they bring with them, as well as the costs of travel and accommodation.

Change to the announcement

The organizer reserves the right to make any necessary changes to the announcement due to force majeure, safety reasons, or orders from the authorities, or to cancel the event if this is necessary due to extraordinary circumstances, without being liable for any damages. If the number of participants is too low, the organizer is entitled to cancel the event. Entry fees paid will be refunded, but no further claims against the organizer can be derived from this.

Otherwise, the event will take place in all weather conditions. No refund of the participation fee will be made in the event of non-attendance.

Disclaimer

Drivers, co-drivers, and any passengers must sign the disclaimer forms before the event begins. Minimum age for passengers: 16 years.

Cancellation

For cancellations made 20 days or less before the start of the event (arrival day), the entire entry fee will be retained; from the 40th day before the start of the event, 50% of the entry fee paid will be retained; from the 60th day before the start of the event, either 30% of the entry fee will be retained or, upon request, the entire entry fee will be credited to one of the next NJ-S events.

By submitting the signed registration form for the event, the participant accepts the above conditions without restriction and they become effective for all parties involved upon submission of this registration form. The waiver of liability applies to claims on any legal basis, in particular to claims for damages arising from contractual and non-contractual liability, as well as to claims arising from tort.
